Traces of an alien civilization were found on a remote planet. Yet the planet is empty, left by its masters. The only things they left were the giant capsules, capable of travelling to the past, and skipping back through time to us.

As representatives of future mega-corporations, you will have to take control of the capsules and enter a Gold Rush of the new era: the hunt for the relics of a long gone civilization. Send the capsules to the distant past, find everything you can use, and exploit newfound abilities to acquire more miraculous devices and technologies. But beware — greed may lead you to tear the very fabric of space-time, putting in danger yourself and, possibly, all humanity.

Time Capsules is a pool-building game where you can use different objects and resources to

devise your strategy. Amass victory points for the knowledge you receive and the artifacts you bring to the present in order to win this amazing race!
